

# Casino Game Information Sheet

Players = 9-10  
Skill level = Easy

## Roulette

250cm

Slightly smaller table available for house parties.

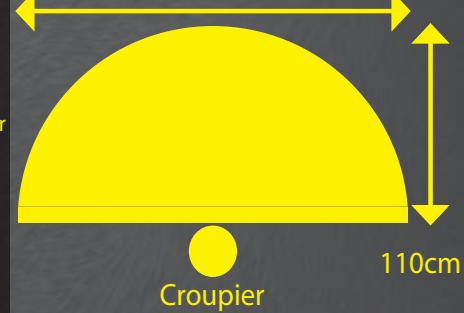

**Description**  
A ball round a wheel with 0-36 numbers on. You bet on which number it will land on. Your croupier will happily explain the different bets to your guests.

**Recommended - Any event**  
Roulette tables are found in every casino around the world, the wheel looks posh and fancy so good for the WOW factor.

Players = 9  
Skill level = Easy

## Blackjack

190cm

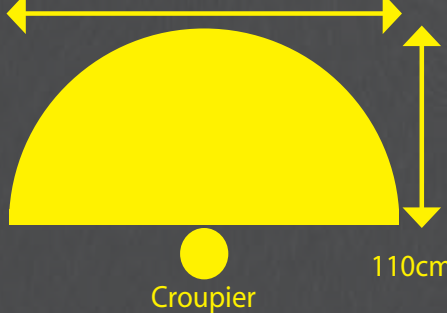

**Description**  
Sometimes called '21' it is the most popular casino game. It is similar to pontoon where whoever gets closest to 21 wins!

**Recommended - Any event**  
Will work well at any event, Blackjack should be your first choice of casino game.

Players = 7  
Skill level = Medium

## Poker (5 card Stud / 3 Card)

190cm

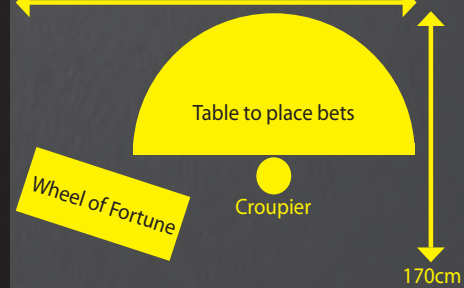

**Description**  
The easiest form of poker where you play against the dealer. You get 5 cards each, best poker hand wins! You croupier will be happy to explain all the poker hands.

**Recommended - Most events**  
Should be your 3rd table choice as it brings something different. Poker has recently become a really popular game in casinos.

Players = 7 - 10  
Skill level = Really easy

## Wheel of Fortune

240cm

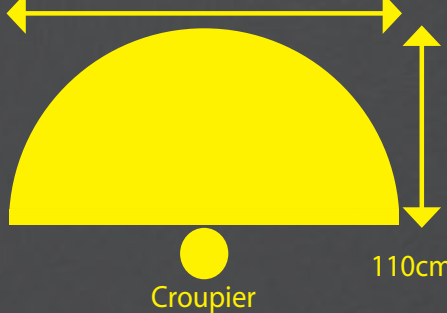

**Description**  
A great big spinning wheel with different colours and symbols. You bet on which colour or symbol it will land on.

**Recommended - Large events**  
Best for large events having high capacity of players and a quick turn around, as it is a very simple game. Visually impressive with 2m tall wheel.

Players = 7 - 10  
Skill level = Really easy

## Casino War

190cm

**Description**  
The easiest game in the casino. You get 1 card, the dealer gets 1 card... Highest card wins!

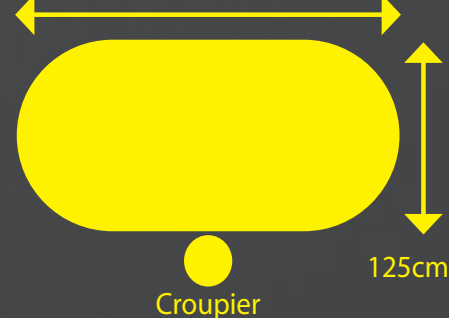

If your cards tie with the dealer's you have a choice - Surrender... Or go to WAR!!

**Recommended - Large events**  
Best for large events having high capacity of players and a quick turn around, as it is a very simple game.

Players = 9-10  
Skill level = Hard

## Poker (Texas Holdem)

200cm

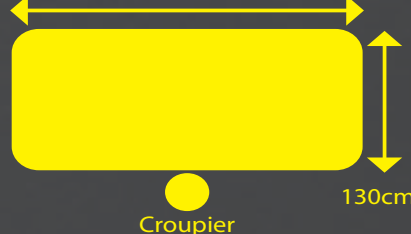

**Description**  
The most popular poker game where players play against each other.

**Recommended - Small Parties**  
It is the type of game where 9 players will sit down and want to play for long periods meaning not much turn around of players.

Players = 10-12 Skill level = Hard

## Dice / Craps

250cm

**Description**  
A lively and loud game where you bet on the outcome of 2 dice.

The hardest of casino games to understand however once you know the basics it can be the most exciting!

**Recommended - Not next to the DJ**  
The game does take a bit of explaining so as long as the venue is not too loud this can be a real crowd pleaser.

**\*Surcharge for Craps table\***
